

## THE UNION FLAG.

Jonesborough, November 3, 1865.

## LOCAL ITEMS.

**AUTUMN THOUGHTS.**—We have entered fully upon the "Fall Season" of the year, a few frosts have given their coloring to the forest trees, bringing that pleasing and beautiful variety of colors so often described as peculiar to the American forest. The same frost has had its effect upon the chestnuts, and troops of boys are daily seen wending their way to the woods on "foraging expeditions" and returning laden with the spoils of their day's frolic. These youthful sports make us almost, if not cry out:

"Would I were a boy again!"

As the "bird season" has set in we notice some of the sporting gents of our town salting forth, equipped with nets, and fowling pieces, and "malice prepense," to capture the partridges so abundant at this season of the year, and so desirable to the epicure. But it is not the gratification of the appetite as an epicure that prompts young men to carry on this sport, so much as the excitement and vigor it gives to the animal spirits, a much more manly and healthful pursuit than that of carousing and wasting the physical energies over the inebriating cup. How much more pleasant and agreeable to see young men returning from the sports of the field, flushed with the rosy hue of health and manly strength, than to see them after a night's carousal, pale and nervous, incapacitated for performing the ordinary duties of life, laying the foundation for disease and premature old age, making life a burden to themselves and to those dependent upon them.

**REV. DR. DRAKE'S LECTURE.**—We are sure those who attended the lecture on Wednesday evening could not but have been benefited by the sound and practical instruction dispensed by Dr. Drake—especially the youthful portion of the audience. The sentiments he promulgated should sink deep in the breast of every young person who was so fortunate as to be present, and should be treasured up as "earth's richest gifts." We were pleased to see a full attendance.

**EDUCATION.**—The institution in our pleasant town, formerly known as the "Old Fellow's Female College," has now formally passed into the hands of the M. E. Church. The Board of Trustees was organized on the evening of the 26th ult.

Judge Butler was called to the Chair and James H. Dossier appointed Secretary. After a statement of the object of the meeting by Rev. W. H. Rogers, Agent, the Board of Trustees was then appointed. Rev. L. F. Drake was made President, James H. Dossier, Secretary, Dr. D. J. Gibson Treasurer of the Board.

The noble work of education should be one of the grand objects of every citizen more than ever. With such an efficient Board of Trustees as have been appointed for this institution, the public may expect the interest of the College to be properly looked after. Already, the school in progress by Mrs. Drake and Miss Ella Lacey, in this institution is meeting with success, and is an honor to all concerned, and to the county. We trust a glorious future awaits this institution.

**RELIGIOUS INTEREST—REVIVAL.**—The meeting to which all eyes were made last week, at Douglass', progressed quietly, pleasantly, gloriously, until Wednesday night, the 25th ult. Then some drunken rowdies made a disturbance, causing considerable alarm among the people who were not anticipating anything of the kind.

This class of fellows—who in their drunkenness are disturbing quiet citizens, and condescend to disturb a religious assembly should be promptly and severely handled by law. We have civil law now, and such miscreants should be made to feel its power. We cannot afford now to permit any such lawlessness to go unpunished. Too many noble braves have been offered as a sacrifice to preserve law and order. On Thursday Rev. R. D. Black preached again—having filled the pulpit the night before—and then administered the sacred ordinance of baptism to twenty, who had united with the church—and one child. The meeting then closed. Thirty-five in all united with the M. E. Church during the meeting, which was under the supervision of Rev. Geo. Fraker. There are many other points from which the glorious tidings came that the good work is progressing.

**THE WEATHER** for the last week has been unusually favorable to the farmers. In consequence of the dry weather in September, the wheat sowing was much later than usual, and fears were entertained by some of the farmers, that the young plant would not have sufficient growth to withstand the cold winter; but the warm rains during the past few days have brought up the wheat so rapidly, that it will cover the ground before the extreme cold weather sets in. Farmers are now busily engaged in gathering and securing the corn crop, and it is thought that the price will not exceed the old rates. The "moss" is unusually abundant this Fall, so much so that in many localities the hogs will be almost entirely fattened upon it, thus helping out the corn crop, and giving the farmer his usual amount of pork at little cost or trouble.

**HOUS ROBBED.**—We neglected to state at the proper time of the occurrence, that Mr. Isaac Murray, an old and respected citizen, living three miles from this place, had his house entered by thieves and robbed of nearly everything he possessed. Mr. Murray was alone, except a few house-servants. This is the second time he has been robbed. No clue to the thieves has yet been obtained—but it is hoped they may yet be ferreted out, and brought to justice.

See the advertisement for electing a President and Board of Directors for the East Tenn. & Va. R. R. in another column. Every loyal stockholder should make an effort to be present on the day appointed.

**AUCTION AND COMMISSION HOUSE.**—All who desire to turn their Goods, Household and Kitchen Furniture, Grain, Stock, &c. into ready cash in hand, can do so by sending them to the Auction House of Grisham & Ross, opposite Mr. Coffman's Tin Store, Main Street, Jonesborough, Tenn., where they will be disposed of, either privately or at auction as the owner may desire, to the best advantage.

**Percentage small.** Give them a trial.—Every one who has articles for sale, and which they desire to dispose of for cash in hand, now have an opportunity to turn them into greenback.

**Hare's Your Mule!**—The most appropriate sign or emblem, of a business, we have seen for years is now to be seen on main street Jonesboro' Tenn.

Often have the boys in the army heard to sing "Here's your mule," but who thought the "poor old critter" would stand so many hardships and "turn up" at last in this place? But what are the comments of the "better class" of citizens as it hangs over the door.

There are many things that the "outward sign of the inward work" the mule is the progeny of the—Donkey—and the work of improving the race of animals, by this "cross process" ends with the mule. So there seems to be an analogy here, but we leave others to make the application for themselves. But in making the application "be careful" or you may find yourselves in the fix Davy Crockett was when comparing a certain Congressman to a monkey at which he was looking. When to his astonishment he discovered the aforesaid gentleman listening to him, and of course offended. Turning round said the inimitable Crockett, "Sir, I hardly know to whom I owe the apology; to you or the monkey." When men enter establishments, where whisky gets in and wits out, they generally come out with less money, and about as much reason as a mule.

They are about as much use then in promoting the true interest and happiness of the human family, as the mule is in preserving the human family.

Men get drunk and do things which, when sober, they are grievously ashamed of.—Touch not the unclean thing.

**NEW GOODS.**—It will be seen by reference to our advertising columns that Mr. S. E. Griffith, and Messrs. Hoss & Lampson have just received large supplies of Fall and Winter Goods of every description. Do not fail to give them a call, if you wish to buy cheap goods. See their advertisements in another column.

**See the advertisement "Lost."** The pocket-book was lost by a young lady—and if found by an honest person, she will recover it.

**See our new advertisements.**

**LAST NOTICE.**—The business of SLACK & GRISHAM must be closed up. Those who are indebted for subscription to the late Jonesboro' Express, or for Advertising and Job Work, are hereby notified to come forward and make settlement, or the claims will be collected as the law directs.

**Geo. L. GRISHAM, Union Flag Office.**

**PENSION SURGEON APPOINTED.**—We are pleased to announce that our late friend and comrade has been appointed by the proper authorities at Washington, as Examining Surgeon for Pensioners, as the following order from the Pension Office will show. No more devoted patriot could have received the appointment:

**DEPARTMENT OF THE INTERIOR.**  
Pension Office, Oct. 24, 1865.  
Sir:—You are hereby appointed an Examining Surgeon, in accordance with the provisions of the eighth section of the Act entitled "An Act granting Pensions," approved July 14, 1862.

Should you accept this appointment, you will subscribe the enclosed oath, and forward the same, duly executed, to this Office. Your compensation will be the fee prescribed in the above mentioned act.

On receiving notice of your acceptance, with the return of your official oath duly subscribed before a magistrate having proper authority, I will forward more explicit instructions for your guidance.

Respectfully, yours,  
JOS. H. BAXTER, Commissioner.  
Dr. CHRISTOPHER WHEELER,  
Jonesboro', Tenn.

**AMONG the amendments to the Alabama constitution** adopted by the late convention, was one providing that it shall be the duty of the Legislature at its first session, to pass a law prohibiting the intermarriage of white persons with negroes or persons of mixed blood, and declaring such marriages null and void, and the parties thereto liable to criminal prosecution and punishment.

**FOR CHICKENWAGON.**—Yesterday morning a working party composed of detachments of one hundred men each, from the 1st U. S. C. (H.) left this city for the purpose of finishing the disinterment of the bodies of the Union soldiers which were buried on the battle-field of Chickamauga. The bodies will be placed in coffins and transferred to the National Cemetery near this city.—*Chat. Gas.*

While digging a well at Leicester, Mass., last week, Mr. D. W. Kent found a living frog at the depth of 23 feet below the surface. His frogship had taken up his quarters in a bed of hard blue clay, 24 feet from the top of the clay stratum. He was dormant at the time of the discovery, but the light of the sun speedily revived him, and he hopped away in the most lively manner.

## The Constitutional Amendment.

**Ratification by twenty-seven States** was necessary to render effective the constitutional amendment prohibiting slavery. Up to this time twenty-four States have responded favorably, and three unfavorably, as follows:

**RATIFICATIONS.**  
Illinois, February 1, 1865.  
Rhode Island, Feb. 2, 1865.

Michigan, Feb. 4, 1865.

California, Oregon, and the new State of Colorado will doubtless vote for the amendment as will also Alabama, Mississippi, Georgia, South Carolina, Texas, and North Carolina.

## Rascality in Memphis.

There are some smart rascals in Memphis, who, when they find a horse unmarked, represent themselves as Government agents, and boldly claim the animal as a horse that has been stolen from the Government. If the owner of the horse claims that there are no "U. S." mark on the animal, the rogues produce a glass, which they declare is a magnifying one, and as the lens of the glass has faint "U. S." lined upon it, the looking through it makes the letters visible, apparently on the horse. This astounds the owner of the beast, and with cool audacity the thieves ride off with the horse they have appropriated.

It is said that no single instance of a submarine telegraph cable being injured by a fish of any kind or size has yet occurred. Every creature with fins dies from it, so that it fires much better than the wire on land in India, where the monkeys are persuaded that the poles and lines are erected for them to use in gymnastic exercises.

—Thursday, the 30th day of November has been appointed as Thanksgiving day in Massachusetts. Charleston papers of the 10th, contain the particulars of a great fire which occurred in that city the previous day. The loss is estimated at \$200,000. The Courier office, with all its presses and materials, was totally destroyed. Some twenty-five persons were injured by falling of a wall, during the progress of the fire.
